**RE: Response to TCEQ Technical NOD 2 Correspondence Dated September 22, 2022
Twin Oaks Power Station Coal Combustion Residuals Landfill
Major Oak Power, LLC
Bremond (Robertson County), Texas
CCR Registration No. CCR112
TCEQ SWR No. 37677; EPA ID No. TXD987997988
Tracking No. 27247279; RN100226570/CN604670034**

Dear Mr. Shaw:

The following information is provided on behalf of Twin Oaks Power Station Coal Combustion Residuals (CCR) Landfill (the facility), as a follow-up response to the above-referenced September 22, 2022 correspondence letter. For your convenience, comments from the TCEQ correspondence regarding the *Registration Application for Coal Combustion Residuals Waste Management*, dated January 12, 2022, are presented below (*in italics*) followed by the prepared response.

TCEQ Deficiency ID #1:

Provide information describing how the existing landfill was constructed such as historical construction documents and drawings etc.

Response:

In accordance with our response to TCEQ Technical Deficiency ID No. 1 provided in Twin Oaks Power (TOP, formerly TNP) correspondence dated October 20, 2022, the following provides our findings after review of facility archives including design and site operational details submitted to the TCEQ (formerly the Texas Water Commission). The original design and operating plan for the utility landfill entitled *TNP One Power Plant Ash Disposal Site Technical Report* was submitted to the TCEQ on December 13, 1988. In April 2001, TOP submitted a *Risk-Based Closure Plan Amendment*, prepared by ISG Resource, Inc., and accepted by the TCEQ via correspondence dated June 10, 2003. Further, in support of facility expansion, updated design and operation information was submitted to the TCEQ titled *Engineering Report Ash Disposal Site Expansion, TOP One Generating Station, TCEQ Solid Waste Registration No. 37677* dated December 26, 2008

prepared by The Dextra Group, Inc. Consequently, notification of fulfillment of 30 TAC 335.6(b) was provided by the TCEQ via memorandum dated March 12, 2009.

Based on our review, the above referenced documents previously submitted to the TCEQ satisfy the request of TCEQ Deficiency ID No. 1.

We trust you will find this information sufficiently thorough and acceptable.

Should you have any questions, please feel free to contact me at (254) 342-3664 or via email at Eddy.Young@mesquitegen.com.

Sincerely,
